Annual Sports Outing

All the 8th and 9th grade boys who have taken part in athletics are looking forward to their sports outing at Crystal Springs. This is the athletic department's way of rewarding them for their hard work this year. Most of the boys will go swimming while the others try their luck at fishing. After we have swum a few hours, we will get to eat!

Style Show Held At Last P.T.A. Meeting

On Tuesday, May 17, the last P.T.A. meeting was held. One of the largest crowds of the year attended. Mrs. W. W. Webster played background music for the girls as they modeled the clothes they had made in Home Economics. Everyone taking Home Economics participated in the annual event.

Football Practice Begins

In May all the ninth grade boys who are really interested in playing football started spring practice at A.H.S. We will work out for three weeks sharpening up on fundamentals for next year. All the sophomores are under three coaches; Coach Nance, Coach Phillips and Coach Fox.

Future Sophomores To Be "Scalped"

Next August all the sophomore Razorback hopefuls will be scalped by the Juniors and Seniors. They won't be completely scalped; just a little hair in the figure of an "H" will be left. Some boys should look interesting with their head shaved. Most of them, however, feel it is a necessary part of our initiation into Razorback football.

Cheerleaders Take Trip to Daingerfield

The '65-'66 cheerleaders: Becky Derrick, Sharon Camp, Linda Smith, Cheryl Cobb, Annette Turner and Debbie Reese entertained the '66-'67 cheerleaders: Debra Harrison, Sandy May, Barbara Lewis, Linda Whatley, Jackie Whetstone and Ellen Martin by taking them to Daingerfield. Tons of food was carried and devoured before the day was over. Truckloads of boys added to the fun and excitement. Everyone seemed to have a wonderful time. Mrs. Gray and Mrs. Hickerson were the sponsors making the trip with them.

Mrs. Gray and Mrs. Hickerson didn't really plan to go swimming but the girls had other ideas. We hear they were pushed!

Track

We had a willing group of track boys. The team consists of David Johnson, Mike Moore, Daniel Siau, Gerry Brown, Jimmy Winchester,

Donz Stevens, Jerry Sturdevant, James Curtis, Jerry Garner, Kerry Nix, Rodney Hamilton and Eddie Propps. The managers are Ray Miller and Thomas Jackson.

Some outstanding school records have been broken and we are proud of our boys.

Our first track meet was with DeQueen. We came in fourth. Next was Idabel; we did better with one first and some more ribbons. Then came Stamps. We walked away with first place. We scored more points than any other team there.

Mike Moore, Steve Johnson, and James Curtis went to regional. Mike Moore won a fourth place along with Steve and James. They were allowed to go to the state track meet in Hot Springs. Mike Moore won second place while James and Steve won a fourth. The whole track team was happy for these boys. Some outstanding records were: Bill Whitehurst throwing the discus 110 feet, Rodney Hamilton broad jumping 17 feet, but these are just a few great records which were obtained this year.
